Journal of Sports Sciences, 1993, **11**, 565–567

Subject index

Active, sedentary, longitudinal, growth, size, shape, 127
Acute exercise, 2,3-bisphosphoglycerate, 479
Aerobic conditioning, muscular strength, maximal oxygen uptake, resistance training, 485
Aerobic fitness, regularity of exercise, ethnic groups, Singapore, 71
Aerobic performance, maximal lactate steady-state workload, mathematical modelling, anaerobic threshold, exponential regression, lactate accumulation rate, 49
Alpine skiing, heart rate, blood pressure, untrained men, 31
Amino acids, dihydroxyacetone, pyruvate, exercise, 17
Anaerobic metabolism, prior exercise, 159
Anaerobic threshold, blood lactate, mathematical modelling, oxygen uptake, ventilation, 371
Anaerobic threshold, exponential regression, lactate accumulation rate, aerobic performance, maximal lactate steady-state workload, mathematical modelling, 49
Anatomy, electromyography, sports, kinesiology, ergonomics, biomechanics, 379
Anthropometric measurements, predictor variables, frame size, 9
Anthropometry, body composition, elite athletes, rock climbing, 113
Anthropometry, men, muscle mass, sport, body composition, 3
Archery, electromyography, physiological tremor, biofeedback, biomechanics, 63

Back pain, golf, oxygen uptake, shrinkage, spinal loading, weight-carrying, 511
Basketball, jump shot, biomechanics, 285
Bioelectrical impedance, fat-free mass, Chinese children, 241
Biofeedback, biomechanics, archery, electromyography, physiological tremor, 63
Biomechanical feedback, fast information system, sprint start, technical training, 25
Biomechanics, anatomy, electromyography, sports, kinesiology, ergonomics, 379
Biomechanics, archery, electromyography, physiological tremor, biofeedback, 63
Biomechanics, basketball, jump shot, 285
Biomechanics, hurdle jumping, kinematics, kinetics, electromyography, 503
Biomechanics, javelin, three-dimensional film analysis, throwing technique, 315
Biomechanics, twist, somersault, model, simulation, 187, 199, 209, 219
Biomechanics, volleyball, spiking, 295
2,3-Bisphosphoglycerate, acute exercise, 479
Blood lactate, mathematical modelling, oxygen uptake, ventilation, anaerobic threshold, 371
Blood pressure, untrained men, alpine skiing, heart rate, 31
Body composition, anthropometry, men, muscle mass, sport, 3
Body composition, elite athletes, rock climbing, anthropometry, 113
Book reviews, 83, 177, 267, 349, 473, 559
Brain slow waves, preparation, shooting, 257
Breath-holding, diving bradycardia, synchronized swimming, 103

Chinese children, bioelectrical impedance, fat-free mass, 241
Cognitive anxiety, somatic anxiety, letter span, rebound shooting, 517
Competitive state anxiety, intensity, direction, gymnastics performance, 525
Competitive state anxiety, intensity, frequency, 533
Conference communications, 543
Cycle and rowing ergometry, ventilatory threshold, work efficiency, exercise testing, 43

Diet, lactate, glucose, intermittent exercise, sprinting, recovery, 119
Dihydroxyacetone, pyruvate, exercise, amino acids, 17
Direction, gymnastics performance, competitive state anxiety, intensity, 525
Diving, twisting, somersault, simulation, model, 337
Diving bradycardia, synchronized swimming, breath-holding, 103

Ego involvement, modelling, warm-up decrement, motor performance, 463
Electromyography, biomechanics, hurdle jumping, kinematics, kinetics, 503
Electromyography, physiological tremor, biofeedback, biomechanics, archery, 63
Electromyography, sports, kinesiology, ergonomics, biomechanics, anatomy, 379
Elite athletes, rock climbing, anthropometry, body composition, 113
Elite performers, females, World Student Games, 303
Endurance athletes, pulse oximetry, 37
Energy metabolism, fatigue, power endurance, rowing, power, force, 233
Enjoyment, motives, 249
Ergonomics, biomechanics, anatomy, electromyography, sports, kinesiology, 379
Ethnic groups, Singapore, aerobic fitness, regularity of exercise, 71
Exercise, amino acids, dihydroxyacetone, pyruvate, 17
Exercise testing, cycle and rowing ergometry, ventilatory threshold, work efficiency, 43
Exponential regression, lactate accumulation rate, aerobic performance, maximal lactate steady-state workload, mathematical modelling, anaerobic threshold, 49

0264–0414/93 © 1993 E. & F.N. Spon

Fast information system, sprint start, technical training, biomechanical feedback, 25
Fat-free mass, Chinese children, bioelectrical impedance, 241
Fatigue, power endurance, rowing, power, force, energy metabolism, 233
Females, World Student Games, elite performers, 303
Force, energy metabolism, fatigue, power endurance, rowing, power, 233
Frame size, anthropometric measurements, predictor variables, 9
Frequency, competitive state anxiety, intensity, 533

Glucose, intermittent exercise, sprinting, recovery, diet, lactate, 119
Golf, oxygen uptake, shrinkage, spinal loading, weight-carrying, back pain, 511
Growth, size, shape, active, sedentary, longitudinal, 127
Gymnastics, vaulting, three-dimensional cine-film analysis, kinematics, 329
Gymnastics performance, competitive state anxiety, intensity, direction, 525

Heart rate, blood pressure, untrained men, alpine skiing, 31
Heel pad deformation, heel strike, running, 449
Heel strike, running, heel pad deformation, 449
Hurdle jumping, kinematics, kinetics, electromyography, biomechanics, 503

Imagery, soccer, practice, skill level, 95
Inhibition, maximum force, inter-limb interactions, 145
Intensity, direction, gymnastics performance, competitive state anxiety, 525
Intensity, frequency, competitive state anxiety, 533
Inter-limb interactions, inhibition, maximum force, 145
Intermittent exercise, sprinting, recovery, diet, lactate, glucose, 119

Javelin, three-dimensional film analysis, throwing technique, biomechanics, 315
Jump shot, biomechanics, basketball, 285

Kinematics, gymnastics, vaulting, three-dimensional cine-film analysis, 329
Kinematics, kinetics, electromyography, biomechanics, hurdle jumping, 503
Kinesiology, ergonomics, biomechanics, anatomy, electromyography, sports, 379
Kinetics, electromyography, biomechanics, hurdle jumping, kinematics, 503

Lactate, glucose, intermittent exercise, sprinting, recovery, diet, 119
Lactate accumulation rate, aerobic performance, maximal lactate steady-state workload, mathematical modelling, anaerobic threshold, exponential regression, 49
Lactate threshold, onset of blood lactate accumulation, running velocity at $\dot{V}O_2$ max, 57
Lactic acidosis, sampling sites, treadmill running, 139
Letter span, rebound shooting, cognitive anxiety, somatic anxiety, 517
Longitudinal, growth, size, shape, active, sedentary, 127

Mathematical modelling, anaerobic threshold, exponential regression, lactate accumulation rate, aerobic performance, maximal lactate steady-state workload, 49
Mathematical modelling, oxygen uptake, ventilation, anaerobic threshold, blood lactate, 371
Maximal lactate steady-state workload, mathematical modelling, anaerobic threshold, exponential regression, lactate accumulation rate, aerobic performance, 49
Maximal oxygen consumption, sleep, running economy, 109
Maximal oxygen uptake, resistance training, aerobic conditioning, muscular strength, 485
Maximum force, inter-limb interactions, inhibition, 145
Maximum oxygen uptake, nomogram, rowing ergometer, 227
Men, muscle mass, sport, body composition, anthropometry, 3
Model, diving, twisting, somersault, simulation, 337
Model, simulation, biomechanics, twist, somersault, 187, 199, 209, 219
Modelling, warm-up decrement, motor performance, ego involvement, 463
Motives, enjoyment, 249
Motor performance, ego involvement, modelling, warm-up decrement, 463
Muscle mass, sport, body composition, anthropometry, men, 3
Muscular strength, maximal oxygen uptake, resistance training, aerobic conditioning, 485

Nomogram, rowing ergometer, maximum oxygen uptake, 227

Onset of blood lactate accumulation, running velocity at $\dot{V}O_2$ max, lactate threshold, 57
Oxygen uptake, shrinkage, spinal loading, weight-carrying, back pain, golf, 511
Oxygen uptake, ventilation, anaerobic threshold, blood lactate, mathematical modelling, 371

Periodization, resistance training, velocity specificity, 77
Physical performance, self-confidence, self-efficacy, strength, 167
Physiological tremor, biofeedback, biomechanics, archery, electromyography, 63
Plasma β-endorphin, weight-training, 499
Power, force, energy metabolism, fatigue, power endurance, rowing, 233
Power endurance, rowing, power, force, energy metabolism, fatigue, 233
Practice, skill level, imagery, soccer, 95
Predictor variables, frame size, anthropometric measurements, 9
Preparation, shooting, brain slow waves, 257
Prior exercise, anaerobic metabolism, 159
Pulse oximetry, endurance athletes, 37
Pyruvate, exercise, amino acids, dihydroxyacetone, 17

Rebound shooting, cognitive anxiety, somatic anxiety, letter span, 517
Recovery, diet, lactate, glucose, intermittent exercise, sprinting, 119
Regularity of exercise, ethnic groups, Singapore, aerobic fitness, 71
Resistance training, aerobic conditioning, muscular strength, maximal oxygen uptake, 485
Resistance training, velocity specificity, periodization, 77
Rock climbing, anthropometry, body composition, elite athletes, 113
Rowing, power, force, energy metabolism, fatigue, power endurance, 233
Rowing ergometer, maximum oxygen uptake, nomogram, 227
Running, heel pad deformation, heel strike, 449
Running economy, maximal oxygen consumption, sleep, 109
Running velocity at $\dot{V}O_2$ max, lactate threshold, onset of blood lactate accumulation, 57

Sampling sites, treadmill running, lactic acidosis, 139
Sedentary, longitudinal, growth, size, shape, active, 127
Self-confidence, self-efficacy, strength, physical performance, 167
Self-efficacy, strength, physical performance, self-confidence, 167
Serum thyroid hormones, strength training, 493
Shape, active, sedentary, longitudinal, growth, size, 127
Shooting, brain slow waves, preparation, 257
Shrinkage, spinal loading, weight-carrying, back pain, golf, oxygen uptake, 511
Simulation, biomechanics, twist, somersault, model, 187, 199, 209, 219
Simulation, model, diving, twisting, somersault, 337
Singapore, aerobic fitness, regularity of exercise, ethnic groups, 71
Size, shape, active, sedentary, longitudinal, growth, 127
Skill level, imagery, soccer, practice, 95
Sleep, running economy, maximal oxygen consumption, 109
Soccer, practice, skill level, imagery, 95
Somatic anxiety, letter span, rebound shooting, cognitive anxiety, 517
Somersault, model, simulation, biomechanics, twist, 187, 199, 209, 219
Somersault, simulation, model, diving, twisting, 337
Spiking, biomechanics, volleyball, 295
Spinal loading, weight-carrying, back pain, golf, oxygen uptake, shrinkage, 511
Sport, body composition, anthropometry, men, muscle mass, 3
Sports, kinesiology, ergonomics, biomechanics, anatomy, electromyography, 379
Sprinting, recovery, diet, lactate, glucose, intermittent exercise, 119
Sprint start, technical training, biomechanical feedback, fast information system, 25
Strength, physical performance, self-confidence, self-efficacy, 167
Strength training, serum thyroid hormones, 493
Synchronized swimming, breath-holding, diving bradycardia, 103

Technical training, biomechanical feedback, fast information system, sprint start, 25
Treadmill running, lactic acidosis, sampling sites, 139
Three-dimensional cine-film analysis, kinematics, gymnastics, vaulting, 329
Three-dimensional film analysis, throwing technique, biomechanics, javelin, 315
Throwing technique, biomechanics, javelin, three-dimensional film analysis, 315
Twist, somersault, model, simulation, biomechanics, 187, 199, 209, 219
Twisting, somersault, simulation, model, diving, 337

Untrained men, alpine skiing, heart rate, blood pressure, 31

Vaulting, three-dimensional cine-film analysis, kinematics, gymnastics, 329
Velocity specificity, periodization, resistance training, 77
Ventilation, anaerobic threshold, blood lactate, mathematical modelling, oxygen uptake, 371
Ventilatory threshold, work efficiency, exercise testing, cycle and rowing ergometry, 43
Volleyball, spiking, biomechanics, 295

Warm-up decrement, motor performance, ego involvement, modelling, 463
Weight-carrying, back pain, golf, oxygen uptake, shrinkage, spinal loading, 511
Weight-training, plasma β-endorphin, 499
Work efficiency, exercise testing, cycle and rowing ergometry, ventilatory threshold, 43
World Student Games, elite performers, females, 303
